

# CHINA MARKET RESEARCH

Locating specific information about doing business in China as well as WTO training initiatives is as easy as visiting a web site. We have compiled a list of some of the more up-to-date resources that provide specific as well as general business information to assist companies pursuing opportunities in China. This is by no means an exhaustive list and we will post this on the magazine web site and update it frequently as new sources become available.

## U.S. GOVERNMENT SITES

The U.S. Trade Representative
